HOW TO ENROL YOUR CHILD IN PRESCHOOL 2022/2023

INTRODUCTION

Dear Parents,

Enrolment of children in preschools of Prague 6 will take place at the beginning of May. I really believe that the Covid-19 pandemic will be in decline and we will be able to organise the very-much-needed Open House. You will find the dates and further information on the website of your pertinent preschool or on the specialised website www.jakdoskolky.cz. It is good to continuously monitor these sites, and in the event of any changes, we will inform you of them here.

Our electronic reservations system has been operating for the fourth year already. In it, you can fill out your enrolment forms in advance, thus sending all your information to the pertinent preschool, and ensure a specific time for your enrolment. Our objective is to make the whole enrolment process easier and shorter not only for you, but also for preschool employees. We recommend taking care of all necessary requisites and documents for enrolment in advance. If you should have health or other complications that will prevent you from taking any of the prescribed enrolment steps, school principals are ready to handle your matter individually and obligingly as per your current needs.

In this electronic reservations system, there you can also monitor acceptance / non-acceptance or the placement of the child in the queue of the selected kindergarten. These lists are being changed constantly, so don't panic if your child's rankings aren't right in the very beginning.

We hope that the first steps you and your child take on the long journey to education are as successful as possible.

Marie Kubíková, Prague 6 Councilwoman for Education

HOW TO ENROL YOUR CHILD IN PRESCHOOL IN THE 2022/2023 SCHOOL YEAR

General Information

- As a rule, preschool education is meant for children between ages 3 and 6. Compulsory preschool education begins at the start of the school year following the day your child turns five years of age and ends when the child begins their compulsory school education (details in § 34a and 34b of the Education Act).
- A requisite for your child's acceptance is the compulsory regular vaccination of your child and proof that they are immune to infection, or proof that they cannot be vaccinated for reasons of a permanent contraindication (§ 50 of Act No. 258/2000 Coll., on the protection of public health and on the amendment of several related laws). This condition does not apply to those children applying for compulsory preschool education (the last year prior to beginning their primary school education).
- If the condition of being vaccinated is not met by the date of preschool education enrolment, that is, by **3. 5. 2022**, the administrative procedure shall be paused to give the applicant time to meet the given condition. Although a parent may submit proof of the child's vaccination while the administrative procedure is paused, the preschool principal cannot guarantee that they will be accepted to the selected preschool for reasons of the legal obligation to accept children to fill the vacancies for enrolment according to the enrolment criteria of the preschool given in advance within the administrative procedure.
- You can select any preschool or preschools within the Prague 6 Municipal District. Children with permanent residence in Prague 6 have precedence over children with permanent residence elsewhere (for these purposes, the municipal districts of Lysolaje, Nebužice, Suchdol, and Prague 17 are not considered to be a part of the Prague 6 Municipal District).
- The enrolment form for your child's enrolment can be submitted to one or more preschools. Forms can be submitted by:
 - **personal submission** using the reservation system;
 - **your personal data box**, notice: using a company data box is prohibited;
 - **e-mail with a certified electronic signature**, notice: sending simple e-mails is unacceptable. If the submission shall be made using any other technologies, e.g., by e-mail without a certified electronic signature, by post, etc., the legal guardian must confirm this submission in one of the aforementioned ways within five days or based on summons from the preschool principal. The preschool principal is obligated to accept your enrolment form, and, according to the given criteria and free capacity, shall decide on the acceptance or rejection of the child to the preschool.
- Further conditions for acceptance are determined by the preschool principal in the criteria.
- The preschool publishes the criteria for accepting children, the number of vacant positions for enrolment, and more specific and detailed information in the regular manner, i.e., by posting on the bulletin board of the preschool, publishing on its website, etc.
- The enrolment form for preschool education, including booking times for visiting each preschool will be available for pre-completion beginning on **1. 4. 2022** at www.jakdoskolky.cz. You will also find a link to this website on the websites of each preschool. Printed versions of the enrolment form for filling out by hand can be picked up at the Prague 6 Municipal Authority (entrance hall or Department of Education).

The administrative procedure shall commence on **3. 5. 2022**.

WHAT WILL YOU NEED FOR ENROLMENT?

- **A filled out and signed enrolment form with a doctor's note.** We recommend filling out the form electronically on the website www.jakdoskolky.cz, every selected preschool will thus have the data at its disposal. This expedites the enrolment process.
- **The child's birth certificate for viewing**, or its copy
- **Proof of permanent residence**, or its verified copy
The child's identity card, or the legal guardian's, for viewing, or eventually an extract from the population register.

Please note, a lease agreement is not proof of permanent residence.
